

“ IN DEPTH “ A ONE DAY SEMINAR

ON DRILLING APPLICATIONS RELEVANT
TO LOCAL GEOTECHNICAL INDUSTRY

THIS INTERESTING SEMINAR WILL
LOOK AT TOPICS , DEVELOPMENTS
AND CASE STUDIES IN AREAS OF

- Dam Drilling and Grouting
- Small drill rigs and drill systems
- Micropile systems and load Capacity benefits
- Large Diameter DTH Pile Methods
- Geothermal Drilling Systems (Vertical drill application)
- Developments in presenting rig performance data relevant to Soil /Rock formation drilled on Large Diameter Auger rigs

PRESENTATIONS AND CONTRIBUTIONS FROM

ARQ Consulting Engineers	South Africa
Mr Filippo Ruda	Casagrande Italy
Mr Mark Lutz	Jean Lutz France
Mr Siggı Ottersbach	Hutte Germany

DATE: 28 SEPTEMBER 2010
 VENUE: CHAMPETRE CONFERENCE
 CENTRE (MODDERFONTEIN)
 COS:T R500 Excl - Incl Course notes,
 teas and Buffet Lunch

Seating limited to 100 persons

Don't miss this interesting and exciting presentation
of small drill applications and other relevant topics.
